## Prepare Yourself and Repair Your Doctrine

Before delivering studies, this First Page instructs the Philosophy of Anguish that will be present in changing a Landmark of common teachings. Certainly, the facts and proofs must be assured before any change can be considered. And a lifetime of understanding is not going to change, until one is prepared to break barriers.

Delivery to Teachers and the Masses can be with seeds or nudges. That method has been tried for centuries, and it rapidly creates Factions of those not accepting changes. The opposing people will cut off learning before developing an understanding. The hardest people to teach; are those which amassed volumes of quotations from sources that deliberately reshaped scripts after the first century.

Delivering the whole package or a hard impact of change at one time, allows the knowledge to be given at once, for a final choice. Giving the whole packet; shines a light on the straight and narrow path and Warning Signs with proofs to correct the misdirecting trends.

With effort, you will recognize that the scripts point to a simple direction. The instructions are given in multiple ways, to accommodate different styles of learning. But all instructions are on that same path, and warn that deviations will always impede progress.

## Guiding the Teachers

Stay with supporting facts and avoid distractions that may cause confusion. Modern deliveries excel in promoting personalities, but are shown in scripture as disturbing fluff from those who lead to destruction. Teachers using that method support and build egos, and rarely recognize their offence. They can go for hours on their own analogies, while implying they are making comparisons to the Bible. (Prov 6:16-19)

Analogies are given in script, but they are truthful occurrences of very relevant instructions. Those analogies will rarely linger more than a few sentences, yet modern sermons lead us wandering through the woods while trying to reach a gallant ending. Some of these sermons are a long stretch to compare with a scriptural story. There are urgent and important things to teach, that many congregations have never heard, and are unaware, as their instructor chooses to use the time of gatherings to perpetuate nonsense.

## The End is Approaching

Recognize in the current events and the scripture promises; that we are coming to the end of judgment. Each person in far history has met their end, and most have heard of the closure of evil times. The **Repentance is mandatory for each person's cleansing**, yet few know this, and most are taught they are freed from sins.

If you teach against Repentance, then you have a massive correction and redirection to address. Nothing has replaced Repentance, except the Great Deception by the False Apostle. That man was real, and Revelation instructed us to identify him and reject his doctrine. If you have not identified him, then you have definitely been deceived by his works. You probably glorify his ways and false direction that leads the world astray.

## Forgotten Knowledge

The following Hard Hitting points reveal what All the Congregations should know, for their own protection.

Daniel-8 prophecy 2300 years of cleansing the Temple is Nov 25, 2024. This is described & dated in Apocrypha Maccabees, Daniel and Josephus as Daily Sacrifice of the Transgression.

The Two Witnesses of Revelation will arrive after Passover 2024, and deliver the True Gospel to All the World, separating the wheat from the chaff. Those who accept the True Gospel will be opposed by the Beast who will work miracles to sway or convince that his way follows the Messiah. [Many teach Solomon Temple is rebuilt for the Beast to set on the Throne. A Jewish Temple has no throne – Arab temples & churches do...](#)  
Amos 9:11 & Acts 15:16 say YHWH will rebuild **David's Tabernacle** as in days of old.

The Beast is a man; a warrior & accuser, referring to the Beast in Daniel 7. The Demon is the fallen Angel, who both Demon and the 666<sup>th</sup> man are referred as the Beast in Revelation 11-20.

The **Beast** is **now among us**, and will take control of Israel before the Demon's arrival. He is an experienced warrior coming to power as an accuser using deception and lies. The goal is to prepare the world to receive the Demon as the messiah, who will war in Heaven, and will be cast out **on or after** the 2500<sup>th</sup> year from Daniel's prophecy of the 4<sup>th</sup> kingdom of the Beast. The Day of Atonement in **2022** begins that 2500<sup>th</sup> year.

The Demon will arrive **two years before the Messiah**. When he and his angels are cast out of Heaven, they will be seen as stars falling to the earth. The Beast has prepared the world to accept a Devil as the messiah.

During the first year of the Demon is the time of the **First Woe**, of **Stinging Locusts** of Revelation 9. The Demon's second year; the 2024 Day of Atonement, starts the **Second Woe** where four angels bound in Euphrates are released to destroy a third of all men in **One-Year, One-Month, One-Day & One-Hour**.

The **Harvest Gathering** of the Elect (**Rapture**) will be **77 days before Atonement**. Those following the Torah Laws, **and those** up to the last hour **who have Repented** from not accepting the Laws, shall be gathered. Three Commanded Feasts are part of the laws & Only those who attend may enter the city.

**Harvest Gathering** shall be at one instant around the earth. It is **speculated** the **timing** to be noon-12<sup>th</sup> hour in Jerusalem. The prophecy hour not stated except by parable of Matthew 20:1-16. [Your hour depends on your location](#), which in Chicago would be 4am, and Hawaii would be midnight – just beginning that day.  
(Hours are based on High Noon & Mid-of-Night = between sun-up & sun-down, not clock hours)

That Second Woe of One Year, One Month; ends on [Day of Atonement](#) on a Leap-Year that adds one month. Then One Day & One Hour will be the time of the [Messiah's arrival, 77 days after the Gathering](#).

The Messiah will appear, coming in the clouds, exactly as many church songs tell of the Messiah's arrival. However, those wonderful songs distort the studies. The songs teach of a celebrated arrival, but this will be a time of great grief. Only the unrepented remain & those who followed the Beast's deception of the Demon.
